Answer 7:

Standard dimensions for 2 doors freezer offered in the market.

Question 8:

1. As for Item No. HF-001 : Falafel Gas Fryer :
We think the listed spec. is more describing Deep Fat Fryer than Falafel Fryer
..... We suggest spec. to be as follows :
 - Body is made of Stainless Steel 304.
 - Top is made of one piece of Stainless Steel 304, 1.2mm thickness.
 - Single well with a capacity of 20-25 Liter.
 - Well is equipped with drain tap and Stainless Steel flat collection containers in the base to collect the oil for straining and reuse.
 - Heating by means of Big Gas Burner thermostatically controlled up to 190 °C .
 - Stainless Steel height adjustable feet
 - Dimensions (mm): 110 W x 700 D x 900 H

Answer 8:

- Body is made of Stainless Steel 304. Yes
- Top is made of one piece of Stainless Steel 304, 1.2mm thickness. Yes
- Single well with a capacity of 20-25 Liter. We have proposed double well as this is for Falafel application and stores mainly where they fry Falafel and other vegetables such as Potato, eggplant..etc. so for many purposes including quality we suggested the double well. We will take into consideration single well proposals.
- Well is equipped with drain tap and Stainless Steel flat collection containers in the base to collect the oil for straining and reuse. Yes
- Heating by means of Big Gas Burner thermostatically controlled up to 190 °C . Yes
- Stainless Steel height adjustable feet. Yes
- Dimensions (mm): 110 W x 700 D x 900 H. Dimension could be 100 W or 80 mm W

Question 9:
